The Planning Commission recommended approval with a four/one vote at their June 11, 2013 meeting.

In response to a question by Commissioner Kilsheimer, Mr. Davoll said the landscaping and trees will help screen the telecommunication equipment at the base and there will be a cross on the top of the tower.

Chris Simmer, with SPA Network services, said they were contracted by Verizon Wireless to locate the site and help facilitate the zoning and bringing the plans through the process. He pointed out that each of the squares on the plan is part of the screening method to mitigate the appearance of the tower.

MOTION was made by Commissioner Arrowsmith, and seconded by Commissioner Dean, to approve the Final Development Plan for Verizon Wireless - Site #80417 Telecommunication Tower, as presented. Motion carried four/one, with Mayor Land, Commissioners Arrowsmith, Dean, and McQueen voting aye and Commissioner Kilsheimer voting nay.
