RFQ: 2016-06
TO: PLAN HOLDERS
DATE: February 26, 2016

NOTE:

This Addendum is hereby incorporated into the RFQ documents of the project referenced above. The following items are clarifications, corrections, additions, deletions, and/or revisions to and shall take precedence over the original documents. Deletions are indicated by --- strikeout, answers are indicated in **blue**.

I. QUESTIONS AND RESPONSES: ANSWERS INDICATED IN BLUE

Question 1 & 2 - Would you please clarify the scope of services you seek for this RFQ? The scope on page 6 is very different than the scope on page 24. It appears you want to retain services on page 6 while on page 24 it appears you seek qualifications for a new fire station.

“#2016-06 Request for Qualifications for Professional Consulting Services for the City of Apopka.” We were hoping you might clarify the general scope of services for this contract: Is this a continuing services contract or a contract related to the design of a new fire station? The language in the RFQ seems to be a bit ambiguous.

This request is for the services required of Fire Station No. 5 and for the opportunity to be added to the City’s current existing list of continuing service contract providers.
